PEOPLE & RESPONSIBILITIES

Team Details

Proposed team structure for the StayNexa AI accommodation-discovery concept

AY

Avanishkumar Yadav

Founder / Project Lead

PRIMARY RESPONSIBILITIES

Product vision, user and market validation, overall coordination, and direction for the concept.

CR

Chirag Raut

AI / Technology Lead

PRIMARY RESPONSIBILITIES

Recommendation engine concept, accommodation-data pipeline, and integration planning.

NS

Nitesh Semwal

Product & Operations Lead

PRIMARY RESPONSIBILITIES

User experience, testing approach, product flows, and accommodation-provider workflow.

AT

Avinash Thakur

Marketing & Partnerships Lead

PRIMARY RESPONSIBILITIES

Customer acquisition planning, marketing channels, and accommodation partnership development.

HOW THE TEAM FITS TOGETHER

Product direction and validation inform the user experience; technology planning supports the recommendation concept; and marketing and partnerships help test demand and explore accommodation supply. Responsibilities are based on the proposed team structure in the business plan.
